***1983 WATER ASSESSMENT ***

\$ 16,000.00

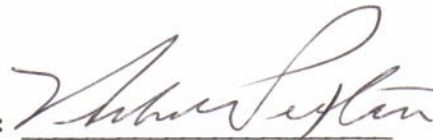

FORWARD: For the year of 1983, the computer was utilized in calculating the over-all 1983 Water Assessment.

See list of acre-feet of water submitted by Comisssoiner Clayburn, which were diverted during 1982. These figures were fed to the computer, along with the over-all assessment of \$ 16,000.00, with a minimum assessment of \$ 3.00 and the attached computer print out is the result of the over-all 1983 Water Assessment.

Calculation of Assessment to computer:

\$ 16,000.00 divided by 245,945.00 ac/ft equals \$ 00.060521.
These figures include the \$ 3.00 minimums being taken in to account by the computer.
